

# VOTE NO ON APRIL 21: YOUR VOTE IS ON THE BALLOT

## Virginia's Redistricting Amendment Eliminates Your Voice

**Early voting is open now. Election Day: April 21, 2026.**

### What's Really on the Ballot

Democrats are asking you to approve a constitutional amendment that would redraw Virginia's congressional districts. They call it "restoring fairness." Here's what it actually does:

**Current congressional delegation:** 6 Democrats, 5 Republicans—competitive districts that reflect Virginia's closely divided politics.

**Proposed map:** 10 Democrats, 1 Republican—predetermined outcomes regardless of how you vote.

In 9 out of 10 districts, if you're a Republican, your vote won't matter anymore. Not "diminished." Not "less influential." It won't matter at all. The map guarantees you lose before Election Day even arrives.

### Why Both Constitutions Say This Is Wrong

**The U.S. Constitution** guarantees equal representation. The Supreme Court established 60 years ago that your vote must count as much as your neighbor's vote. When one party that gets half the votes controls 90% of the seats, that's not representation—that's elimination.

**Virginia's Constitution** created an independent redistricting commission in 2020—you voted 65.69% to approve it. The purpose: stop politicians from rigging their own districts. Now Democrats are asking you to let them bypass the system you voted for.

A judge already ruled this process violates Virginia's Constitution. Democrats did it anyway.

### Why Christians Must Act

**2 Timothy 2:5** reminds us that how we win determines if victory means anything. Rigging maps to predetermine outcomes isn't governing—it's theft disguised as fairness.

**Romans 13** teaches that government authority is bounded by law. When those in power ignore both constitutions to maintain control, speaking truth isn't political—it's faithfulness.

Your vote on April 21 determines whether the next decade of Virginia elections are real contests or predetermined theater.

### What You Must Do

**VOTE NO on April 21.** Early voting runs through April 18.

**Tell others.** Most Virginians don't know this referendum is happening. Share this with your church family, neighbors, and community.

**Pray.** Ask God for wisdom for Virginia voters and courage for Christians to stand for truth regardless of political cost.
